New England Institute of Technology Ranked #5 in the U.S. for its Online RN to BSN Program

EAST GREENWICH, RI – Dr. Douglas H. Sherman, Senior Vice President and Provost at New England Institute of Technology (NEIT), announced that the university ranked #5 out of 50 colleges and universities across the country by *Top RN to BSN* for its online Registered Nurse to Bachelor of Science in Nursing (online RN to BSN) program <http://www.neit.edu/Programs/Online-and-Hybrid-Degree-Programs/RN-to-BSN>. *Top RN to BSN* is a leading online information source offering independent information regarding nursing degree programs and nursing career options to current and prospective nursing students as well as practicing registered nurses who wish to pursue an advanced degree.

According to *Top RN to BSN*, all colleges and universities ranked are regionally accredited, and their nursing programs are also accredited by the Commission on Collegiate Nursing Education (CCNE), the American Association of Colleges of Nursing (AACN), or the Accreditation Commission for Education in Nursing (ACEN). In addition, all colleges and universities are ranked by *U.S. News & World Report* for added reputability. For more information, visit <http://www.TopRNtoBSN.com/category/rankings/>.

New England Tech's RN to BSN program, which is accredited by ACEN, provides flexible and affordable education for licensed registered nurses. Designed to be convenient for the working professional, this all-online program is designed to help students meet the needs of today's dynamic healthcare environment. New England tech was ranked #8 nationally in January 2017 by *U.S. News and World Report* for its online bachelor of science degree programs. <http://www.usnews.com/education/online-education/articles/bachelors-methodology>.

New England Tech's online RN to BSN program is a part-time program tailored to meet the needs of the busy adult learner. All classes are conducted over the internet and are available 24 hours a day, 7 days a week. NEIT offers easy-to-use technology, plus access to faculty, the library, advising and tutoring. Courses are focused on the National League for Nursing Core Competencies and are 10 weeks long with four terms per year. Graduates are prepared for employment in community health clinics, primary care practices, hospitals, and patient care facilities.

Dr. Sherman stated, "Our RN to BSN online classes are taught by experienced educators and clinicians who developed the curriculum along with our instructional design team to be relevant in today's dynamic healthcare environment. New England Tech is proud to be ranked #5 in the country which is a testament to the expertise of our faculty and staff. RN to BSN graduates will have the knowledge and skills required to become leaders in the nursing profession."

###

Under the leadership of President Richard I. Gouse, New England Institute of Technology is a private, non-profit technical university with an enrollment of more than 3,000 students. Founded in 1940, the university offers more than 55 associate, bachelor's, master's, and online degree programs and is accredited by the New England Association of Schools and Colleges, Inc.
