New England Institute of Technology Makes the List of "Top 50 Undergraduate Schools to Study Video Game Design" by The Princeton Review

EAST GREENWICH, RI – Dr. Douglas H. Sherman, Senior Vice President and Provost at New England Institute of Technology (NEIT), announced that the university has been named one of the *Top 50 Undergraduate Schools to Study Game Design for 2019* by The Princeton Review, one of America's best-known education services companies. Since 2010, The Princeton Review has recognized both undergraduate and graduate schools with the best programs in game design. To review the rankings visit: https://www.princetonreview.com/college-rankings?rankings=top-50-game-design-ugrad.

The data collected was based on a survey that The Princeton Review conducted in the Fall of 2018 of administrators at 150 institutions in the United States, Canada and abroad offering both undergraduate and graduate game design coursework and/or degree programs. The selection and ranking of schools were based on criteria that included the quality of the curriculum, faculty credentials, facilities, technology and graduates' career achievements.

Dr. Sherman stated, "We are proud to receive this distinction from The Princeton Review. NEIT faculty work closely with industry experts to ensure our curriculum offers the knowledge and technical skills sought after by today's employers. Our hands-on approach to learning, high tech gaming labs, expert faculty and exciting on-campus gaming events prepare our students well as they enter this competitive field."

For more information regarding NEIT's associate and bachelor's degree programs in Video Game Design or Game Development and Simulation Programming, contact the Admissions Office at 800-736-7744 or by email at NEITAdmissions@neit.edu. Complete program listings may be found at www.neit.edu.

Under the leadership of President Richard I. Gouse, New England Institute of Technology is a private, non-profit, technical university with an enrollment of nearly 3,000 students and is accredited by the New England Commission of Higher Education. Founded in 1940, New England Tech offers more than 50 associate's, bachelor's, master's, doctoral and online degree programs. For more information, visit www.neit.edu or contact the Admissions office at 800-736-7744 or by email at NEITAdmissions@neit.edu.
