

OFFICE OF THE PRESIDENT
RICHARD I. GOUSE

April 10, 2020

Greetings to all members of our college community.

I sincerely hope you are all doing well and taking all the necessary precautions to protect yourselves and your families from the coronavirus.

Although our campus is dark and quiet for the time being, we are making exciting plans to welcome our students back 'virtually' on May 4th. Our faculty are currently making a tremendous effort to develop online courses to best suit the needs of our students. They are working diligently to ensure that our online classes are of the highest quality.

Yes, these are exceptionally difficult times and we want all our students to know that we will do everything possible to help you through any hardships you might be encountering. In order to best serve you, I am strongly encouraging all students to give us your feedback. Please do this through the survey we sent you on April 7th. The more information we have, the better we can meet your needs. Also, please stay in touch with us by frequently checking your NEIT email, visiting Canvas, and do not be afraid to call us.

We are all in uncharted territory and these are unprecedented times. I am very cognizant of the fact that not every decision we make will be the right one. I do, however, promise you this. All your administrators are completely focused on getting us through this crisis and I am hopeful we are ultimately made stronger by this experience.

I also would be remiss if I did not mention the great pride we have in our New England Tech graduates who have been the first responders during this crisis, from our dedicated healthcare professionals, our law enforcement professionals, the IT workers keeping us connected, the technicians keeping us operational and to all the others on the front lines serving us every day.

I would also like to express my appreciation to the entire NEIT community for helping make our institution and our students so successful.

Let me end with a sincere thank you to our students, alumni and parents for your support and understanding during these trying times.

I wish you all well and please be safe.

Richard I. Gouse
President
