

**NEW ENGLAND
INSTITUTE OF TECHNOLOGY**
CAMPUS COVID-19 UPDATE

January 8, 2021

TO: All Students

FROM: Scott Freund, Executive Vice President

RE: Returning to Campus After the Winter Break

Note: The following information does not apply to the residential students, since they have been informed of their weekly COVID testing requirements.

The Rhode Island Department of Health (RIDOH) has directed NEIT and all Rhode Island colleges and universities to conduct COVID-19 surveillance testing for students.

Participation in this testing is mandatory. Students who do not test may face disciplinary action.

There will be no charge for the on-campus testing. **Testing will begin the week of January 11th and will continue as directed by NEIT and the Rhode Island Department of Health until further notice.** You will soon receive information about how to register for testing, which will be administered on the East Greenwich and Access Road Campuses for your convenience.

Students with any questions should contact NEIT's Contact Tracing Team at NEITTracing@neit.edu.

Be sure to watch your NEIT email for additional information. We thank you in advance for your cooperation.
