

# NEW ENGLAND INSTITUTE OF TECHNOLOGY

## CAMPUS COVID-19 UPDATE

January 22, 2021

TO: All Faculty and Staff  
FROM: The NEIT Contact Tracing Team  
RE: COVID-19 Testing Requirements

As part of NEIT's effort to minimize the transmission of COVID-19, we encourage faculty and staff to get tested frequently for COVID-19. To make testing more convenient for our students, faculty and staff, NEIT has established COVID-19 testing locations on its East Greenwich Campus (Room S315) and Access Road Campus (AD Building, Room AD22).

The COVID-19 tests are self-administered rapid tests, observed by a technician, and provide results in approximately 15 minutes. There is no need to remain at the testing area after testing. A member of the NEIT Contact Tracing Team will call any individuals who test positive for COVID-19. The RI Department of Health will send those who test a link to access their results, whether positive or negative.

At this time, faculty and staff may test weekly if they would like. Appointments are required and can be scheduled by clicking on one of the links below with the date and location of your choosing:

[Rapid Testing East Greenwich 1-27-2021](#)

[Rapid Testing East Greenwich 1-28-2021](#)

[Rapid Testing Access Road 1-27-2021](#)

[Rapid Testing Access Road 1-28-2021](#)

Watch your NEIT email for the dates and links (to schedule appointments) for weekly testing.

You are reminded that another option for testing is the state's test site located on the Post Road Campus (2480 Post Road) in the parking lot of the CT Building. Testing is by appointment only and can be scheduled at: [https://portal.ri.gov/s/login/?language=en\\_US&startURL=%2Fs%2F&ec=302](https://portal.ri.gov/s/login/?language=en_US&startURL=%2Fs%2F&ec=302). The hours for this testing location are 9 a.m. – 5 p.m., 7 days per week. This is also a rapid test with results in approximately 15 minutes.

If you have any questions, please contact the Contact Tracing Team at [NEITTracing@neit.edu](mailto:NEITTracing@neit.edu).

Sincerely,  
Contact Tracing Team
