

NEW ENGLAND INSTITUTE OF TECHNOLOGY

CAMPUS COVID-19 UPDATE

Date: December 21, 2021

To: All NEIT Students

From: Scott Freund, Executive Vice President

RE: COVID Booster Vaccinations

Due to the current increase in COVID-19 infections and spread of the Omicron variant, NEIT requires all students to be fully vaccinated against COVID -19 and **now requires that all students receive booster vaccines.**

CDC guidance is that all people age 16 and older need a booster dose to be protected against the Delta and Omicron variants of COVID-19.

People age 18 and older are eligible for a booster dose 6 months after completion of an mRNA primary series (e.g., Moderna and Pfizer) or 2 months after a single-dose vaccine (i.e., Johnson & Johnson).

- Adults may get any FDA-authorized vaccine for their booster dose regardless of the primary series vaccine.
- CDC recommends people who got Johnson & Johnson vaccine get an mRNA vaccine booster dose.
- People currently infected with COVID-19 are eligible to get boosters once they've recovered from acute illness and they've met the criteria to end isolation.

All students currently eligible for booster vaccinations must submit proof of booster vaccination to the NEIT Contact Tracing Team before **February 18, 2022**. Simply take a photo of your vaccination document and upload it to NEIT's secure portal, [Upload Vaccination Documentation](#). All other students must submit proof of booster vaccination within 30 days of becoming eligible for the booster.

To help facilitate this, NEIT has partnered with The Wellness Company (TWC) to provide an on-site clinic for both Moderna and Pfizer boosters.

Day: Tuesday, January 18th, 2022
Time: 10:00 am – 2:00 pm
Location: NEIT East Greenwich Campus
1st Floor Student Center
Vaccination Type: Pfizer or Moderna

Sign up below to book your appointment. A TWC staff member will call you the day before to review the final details of the clinic.
