A FASTER, MORE COST EFFECTIVE
PATH TO THE WORKFORCE

New England Tech aims to help our students enter the workforce as quickly as possible with the knowledge and skills needed for a successful career. Most of our associate degree programs can be completed in as little as 18 months, and our bachelor's degree programs in as little as 3 years. You won't just sit behind a textbook - NEIT will provide you with a hands-on learning experience in our immersive simulation labs and classrooms!
